### Amadeus

*Sponsorship: Happy Hour, First-Timers' Reception and Consulting Sessions Lounge*

Amadeus is the largest transaction processor for the global travel industry, providing processing power and technology solutions for travel providers, sellers and buyers. Our experts help customers meet business needs by converging innovation, social and business intelligence and operations expertise. We offer distribution services, travel IT and third-party partnerships that enhance productivity, profitability or customer experience—often all three—across the travel supply chain. Amadeus is committed to North America more than ever before. Let our presence in 219 markets and 20-year history offer the perspective needed to help you serve other markets and expand into new territories.

## Travel Leaders

### *Sponsorship: Social Event*

A Departure from the Ordinary. Our consultative approach at Travel Leaders builds a travel program around your specific needs rather than requiring you to conform to standardized processes. Unlike mega agencies, you get personalized service that can't be matched in nameless, faceless call centers. At Travel Leaders, your calls will be handled by a small team of U.S.-based agents assigned to your account. Our reputation is built on reliability and a commitment to excellence. We offer our clients industry-leading products and services, and continuously seek higher levels of performance, making us a true Departure from the Ordinary.
